To Whom It May Concern:

I am writing to address the issue surrounding Microsoft, and their abuse of antitrust laws. In my opinion, Microsoft should not be able to abuse these laws. First of all, abusing law is illegal, so the corporation is breaking law. Second, the size of Microsoft is the closest thing to a monopoly. They have unbelievable power, and they are making it extremely difficult for any competition to exist. Our government set our economy up in such a way to prevent monopolies from forming. Microsoft is violating these laws, and that must be stopped. Microsoft must be kept under the law, punishment of some sort is necessary.

Thank you for your time on this matter.

Sincerely,

Travis Cramer
